

COMMUNITY COLLABORATIVE FOR CHILDREN, YOUTH & FAMILIES— TRI-COUNTY

What It Is

The CCCYF is a regional network of providers, individuals, and community organizations collaborating to ensure a safe, effective, supportive and trustworthy system of individual, community and natural supports for all children and families in the tri-county area.

We are guided by youth and families, and their desire to have a voice in the services and supports available for them.

We meet monthly to assess the needs of children, youth and families in our community. We communicate these needs to all CCCYF members and work collaboratively using our collective expertise and energy to create an integrated system where everyone is able to get their needs met.

Our Mission

The Community Collaborative for Children Youth and Families-Tri County works for the best possible health and well-being of our children, youth and families by sustaining an accessible, collaborative and integrated, network of prevention and intervention services, programs and natural supports.
